ARTICLE 8 - HANDICAP

Sec. (1) For teams with the same three members returning, the team handicap for the entire league year will be figured by taking the average from designated scores played in the league the prior year.

Sec. (2) A team's handicap shall not increase more than two strokes from the previous year's handicap. This is designed to guard against a team shooting purposely high scores to achieve an unfair advantage in the new season.

Sec. (3) For teams with one or more new members, the team handicap will be computed by dividing the sum of the handicaps of the three men by 6, and adding the lowest handicap, taking 30% of the sum and subtracting 3. This will be the handicap for the first 5 weeks of league play.

Sec. (4) The handicap for the next 5 playing nights will be determined by the average of the actual scores shot during the first 5 playing nights. Less than three regular players' scores will not be used to calculate handicap unless that score is the same or lower than present score minus

handicap. (Officers can use their judgment on team handicaps if requirements not met!)

Sec. (5) After 10 playing nights teams will have their average scores calculated based on actual scores of the first 10 playing nights. The same rule follows after 15 playing nights, 20 playing nights, and after the last night of league play. (Officers can use their judgment on team handicaps if requirements not met!)

Fractions in either case will be rounded 1/2 and above to the next whole number; below 1/2 truncated.

[SEE MATHEMATICAL COMPUTATION ON LAST PAGE OF THIS BOOK]

Sec. (6) Handicaps for teams with new members shall be determined within seven (7) days of the posting of the individual handicaps.

Sec. (7) The team with the higher handicap will be awarded 80% of the difference in the two team handicaps for both match and medal play. The handicap strokes will be given on the holes indicated on the club scorecard. (.50 and above rounds off to higher number; .49 and below to lower number.)

Sec. (8) Scorecards must be signed by each team's Captain, or designated alternate, for scorecard to count. Number of players present on each team shall be indicated and any absent player's name and substitute if used, shall be recorded on the

scorecard. Failure to comply will result in forfeiture for the team failing to sign, and a score of 0 for all matches played that night. The opposition will win and be scored according to normal scoring procedures.

Sec. (9) Handicaps will be figured based on the number of non-rainouts, subtracting 2 highs and 2 lows and dividing by the remaining weeks. (Example: played all 20 weeks, subtract 2 highs and 2 lows and divide by 16 to determine next season's team handicap.)

ARTICLE 9 - SCORING

team with the highest points the last week will be selected going backward until tie is broken. Sec. (8) The eight teams with the lowest actual stroke per nine averages (in decimals) for the year will be eligible for the playoff match for the LOW GROSS **“PAUL HOFFMAN”** TROPHY. Substitute players are not allowed.

Sec. (9) In case of a tie all teams will be included in playoff with an expanded bracket.

Sec. (10) The eight (8) or more teams shall be ranked according to their average stroke per night. Teams shall be paired as follows: 1-8, 4-5, 3-6, 2-7. No handicaps will be used in the playoffs to determine the **“PAUL HOFFMAN”** Trophy winner.
