Help Needed...

With Madison getting ready to start teaching again, I need someone to work the snack bar/pro shop area 1 to 2 days a week. I need this person to work 2 Saturdays a month as well. Anyone interested please call the pro shop at 812-663-2229 or my cell at 812-363-2612. If you know someone who might be interested please give them my information.

From the Greens Committee...

Key Points:

- * The biggest concern is the continuing breakdown of our rough mowers. We are throwing good money after bad. We have feelers out to see if we can rent something for the remainder of the year.
- * Trees have been looked at and decided we will be taking down the dead trees. Insurance concerns are if a dead limb from an Ash tree falls on someone we may not be covered.
- * The fountain on 16 is now installed.
- * The light on 1 is working now. Thanks to Donnie Volk and Roger for fixing this.
- * We have applied 2 applications of a liquid aerifier on the greens. This seems to be working very well.
- * We are researching deep tine verti drain as an option which shows better results than core aeration for our greens this fall.
