Junior Golf Program

Boys and Girls Ages 6-13

Lessons will be on Thursday Afternoons and will start in June

Program will last for 6 weeks.

Cost will be \$75.00

Details will be sent out in an email in the next week.

From the Greens Committee...

Key Points:

2 Refurbished Greens Mowers have been purchased.

Irrigation system is being primed,

New Pedestals for automatic irrigation purchased. One has been installed.

We are doing our best to keep up with the mowing, 2 rough mowers are having mechanical issues and we are addressing those quickly.

We have sprayed visible areas for dandelions but plan to spray the entire course.

We are cleaning out the brush behind 15 green to bring more air flow to the area.

Adopt A Hole Program for 2021

Members who would like to adopt a hole should contact **Keith Lake, Chairman of the Green's Committee**. Your participation will make a difference in how nice the course looks throughout the golfing season. Thank you to those who participate in this program. Contact Keith by email at klake124@fuse.net.

From the Golf Committee...

6/27 - Father/Son Tee Times all day

From the Board...

We are evaluating equipment, usage, projected usage, and replacement cost. The equipment fund has been used to purchase 2 green's mowers.

We are planning a capital campaign later this summer and also plan a fundraising tournament in the Fall. Money raised will be utilized for the equipment fund. We want to start setting money aside to replace equipment based on the analysis mentioned above.

We have implemented a new software management system called TeeSnap.

We are cautiously optimistic about the club's current financial health. Financial reports can be reviewed by members upon request.

Most important and our number 1 priority is to bring the condition of the course back to pristine condition. We are implementing a night time watering schedule. We have also fertilized the fairways. We can see some improvement and plan to address bare spots throughout the year.
